INITIAL OPENING PRAYER

Our Father, who art in Heaven, hallowed be thy name. Thy Kingdom has come through thy Son Jesus Christ who was spatially conceived, born of a virgin, lived a weightless, obedient, and miracle filled life, whose unity with You was confirmed in his baptism under John, wherein he came straightway out of the water and the heavens were opened unto him and the spirit of God (or all space and time) descended upon him like a dove and there was a voice heard saying; Thou art my only begotten Son in whom I am well pleased.

Henceforth, all things that Christ experienced was experienced by all things in the cosmos, as all things in the cosmos were in the body of Christ Jesus. When he walked upon the water, the mountains trod upon the sea. When he was crucified, the galaxies groaned. When he died, the cosmos lost consciousness. When he was resurrected, the universe revived. When he ascended, he took the galaxies to the highest heaven reconciling all things unto God who brought all things together in one, Jesus Christ, that there be no more condemnation for those that love the Son, for God was in Christ reconciling the world unto Himself.

Thy will be done on earth as it is in Heaven in us as it was in Your Son, Jesus Christ. Give us this day our daily bread. Thank you for uniting us with

the heart, soul, mind and strength of thy Son Jesus Christ. Thank you for forgiving us our debts as we have forgiven our debtors.

Lead us not into temptation, wherein we are lead astray by our own lusts and enticed. But stir up your word in our hearts and minds and fill us with the Holy Spirit, so that when the demons are cast out they do not return to us and find their rooms empty and swept and bring with them seven other demons more subtle than themselves so that our last state be not worse than the first.

But deliver us from evil, for thou knowest how to stay the hand of the wicked, and snare the foot of the trapper, and to open a door of escape for the innocent. Thou knowest how to deliver the individual from the fiery furnace, the jaws of lions, and the gallows.

Thou knowest how to deliver whole nations from a charging army on one side and the deep blue sea on the other. Thou knowest how to deliver whole cities from certain death under siege. Thou knowest how to deliver thy people from a conspiracy to murder them in their own habitat. Thou knowest how to deliver thy people from a world wide conspiracy to enslave the people of earth by the use of fraudulent paper debt currency, false flag terrorism, controlled mass media, and crooked courts.

For Thine is, and Thou art, the Kingdom and the Power of it and the Glory of it forever and ever. Amen.

1. JURISDICTION

1.1. State of War:

Father, I declare my observation of a continuing *state of war* against me commenced by Dylan Baddour, and supported and maintained by his employer, The Houston Chronicle and its owner, Hearst Communications, Inc., and joined and expanded by the Judges named herein. The judges know the facts and how they have perverted justice to protect a reporter and the Houston Chronicle and Hearst Communications, Inc. after they harmed me.

1.2. Petitioner sought relief from the state of war in existing courts and was denied justice by cheating:

Father, I know there is no Appeal to Heaven for deliverance *except* in cases where there is no existing judge over the parties or where the existing judges cheat the injured out of their cause and repair. In this particular case, I agreed to the jurisdiction of the judge and judicial system in faith that they would stop the state of war against me and repair my damage caused by the publication of the worst kind of defamatory lies about me by Dylan Baddour and the Houston Chronicle that resulted in actual written expressions of public hatred, ridicule and contempt against me. This you know Father and it

is known to the judges as well. Dylan Baddour and Hearst Communications, Inc. also agreed to the jurisdiction of the Courts of Texas.

Father, you have prepared me, like no other, for this event and attack on me. But in the beginning I thought the attacks against me were limited to Dylan Baddour and Hearst Communications but they were joined by the judges who I now see are part of a fabric of people that created the purposely flawed "Texas Citizens Participation Act" that was pushed through the Texas Congress by lawyers and mainstream media companies for their own protection to make fake "homegrown" terrorists with impunity. This You knew but I did not. I perceive that this is why the courts have cheated me out of justice and repair. I also perceive that You will yet deliver me from all their hands even though they have closed the trap on me and my family already.

Your will was not only to snare Baddour and Hearst in their own trap but those who created the flawed "Texas Citizens Participation Act" and those judges who would pervert other laws in order to snare citizens in the said Act and plunder them and punish them for defending their reputations in court. They do not believe in you and they do not fear your judgment. Don't stand up for me alone but for thy own name. I have shown what you can do

when men are cheated in court and that didn't not frighten them. It is good and redemptive for them to learn the fear of the Lord.

1.3. I acknowledge that I would turn to you even if I were guilty of filing a SLAPP suit worthy of Sanctions against me:

Father I also know that I could turn to you for strength to endure punishment even if I were guilty of filing a SLAPP (Strategic Lawsuit Against Public Participation) suit to stop Dylan Baddour from expressing his freedom of speech. But you know and I know and all the Respondents know that I did not do that! We all know that Baddour did not produce any evidence of the expression of his own freedom of speech, association or petition that the Texas Citizen Participation Act was designed to protect. There is no evidence on record of how my libel suit prevented Dylan Baddour from expressing his freedom of speech. Just because a reporter is sued for libel for "a communication about a public concern" does not mean the reporter was expressing his own freedom of speech or that the harmed was trying to prevent the reporter from expressing his freedom of speech.

The Houston Chronicle cannot plead innocent of this knowledge as they exposed a Houston FOX news anchor women for expressing her freedom of speech on her Facebook page and she got fired for doing so. The Chronicle never fired Dylan Baddour for his alleged, but not supported, expression of

free speech concerning anything about me. The Chronicle got the FOX news anchor fired during my lawsuit against them.

Baddour wrote two articles that stated *facts* not *opinion* about me and the Republic of Texas. The critical facts that produced public defamation were *false* and all the Respondents know it and you know it and I know it.

1.4. Since I am Innocent of the punishments imposed upon me and am a victim of their continued state of war I pray for that which will bring them to repentance to seek forgiveness for their crimes against me:

I know how to be humble and seek forgiveness for my own sins and crimes against others. But I have none in this case and all parties know it and they are part of a larger web of deception to snare other citizens and should be brought to repentance for their actions. They think they are untouchable because of the size and strength of their social fabric of lawyers, judges, newspapers, televisions etc, etc. But I know you can intervene. I also know that I am not perfect and I seek forgiveness for my own sins but not in any matter concerning these men for I have done nothing to harm them in any way and they know it and you know it and I know it. I pray therefore that you stand up and get your own glory as I have made it known unto them that you are able and have done so in the past for me and that you will not be mocked forever and ignored. You know if they get away with what they have done to me that this will not improve their moral character one bit but

will open the door even wider for their trap for the people of Texas. They are unconcerned about fixing their flawed legislation in their so-called "Texas Citizens Participation Act" and they are therefore all accomplices in this trap. Show them what happens to those who trap the innocent.

1.5. Judges expanded the state of war against me by denying me justice and repair under the law and further entrapped me with fake law:

All the judges named herein as parties to this perversion of justice are aware of the facts of this case and have refused to deliver me from the *state of war*. These judges have continued the state of war against me, joined in the violence against me, and added to my injury by trapping me under the flawed "Texas Citizens Participation Act." They have perverted other laws to not only deny me relief but to plunder and punish me with mandatory defense attorney fees, costs, expenses and even SANCTIONS under the Texas Citizens Participation Act, as if I had done a bad thing. These judges have cheated me out of a trial by jury and damaged me further by their decisions in order to protect and reward the violence I have suffered under Dylan Baddour and Hearst Communications, Inc. I stand upon the shoulders of John Locke and other Saints before me for my defense and Appeal to Heaven:

"Sec. 20. But when the actual force is over, the state of war ceases between those that are in society, and are equally on both sides subjected to the fair

determination of the law; because then there lies open the remedy of appeal for the past injury, and to prevent future harm: but where no such appeal is, as in the state of nature, for want of positive laws, and judges with authority to appeal to, the state of war once begun, continues, with a right to the innocent party to destroy the other whenever he can, until the aggressor offers peace, and desires reconciliation on such terms as may repair any wrongs he has already done, and secure the innocent for the future; nay, where an appeal to the law, and constituted judges, lies open, but the remedy is denied by a manifest perverting of justice, and a barefaced wresting of the laws to protect or indemnify the violence or injuries of some men, or party of men, there it is hard to imagine any thing but a state of war: for wherever violence is used, and injury done, though by hands appointed to administer justice, it is still violence and injury, however coloured with the name, pretences, or forms of law, the end whereof being to protect and redress the innocent, by an unbiassed application of it, to all who are under it; wherever that is not bona fide done, war is made upon the sufferers, who having no appeal on earth to right them, they are left to the only remedy in such cases, an appeal to heaven."¹

1.6. Petitioner warned the Supreme Court of Texas of the Pending Appeal to Heaven if they did not stop the war and stop cheating him:

The Petitioner plead his case and even warned the Supreme Court of the pending *appeal to Heaven* in his Motion for Rehearing if they continued to make his evidence on file disappear and entrap him to plunder him and punish him for seeking relief in the Texas Courts. The Petitioner even gave them evidence of another appeal to Heaven he made that was answered with powerful and lasting damage to the attorneys who entrapped him in court years ago. This evidence did not alter their decision as they apparently do not believe in Appeals to Heaven and its authority and ability to execute judgment in their world. They do not fear this Court in Heaven or the King who presides over it and do not believe He or the Court of Heaven can

¹ John Locke, Peter Laslett, ed., *Two Treatises of Government* (Cambridge University Press ©1988), 281
On-line: <http://www.constitution.org/jl/2ndtreat.txt>

intervene in the world to alter its course. The Petitioner knows better and brings this appeal in full confidence that his deliverance is set to be executed by the order of this Eternal High Court of Heaven served through the panel of Saints and armies of angels or the mere turning away of His protective eye from the Respondents for only a moment.

"10 Be wise now therefore, O ye kings: be instructed, ye judges of the earth.
11 Serve the LORD with fear, and rejoice with trembling.
12 Kiss the Son, lest he be angry, and ye perish from the way, when his wrath is kindled but a little. Blessed are all they that put their trust in him." (Psalms 2:10-12)

1.7. All Conditions Precedent have been performed by the Respondents for this Appeal to Heaven:

All conditions precedent for this Appeal to Heaven have been met by the manifest perversion of existing case law to protect and indemnify the violence of Dylan Baddour and Hearst Communication, Inc. against me. And further they have employed the flawed "Texas Citizens Participation Act" knowing of its flaws to trap and plunder me. And this trap is not only meant for me but for all citizens of Texas. Therefore Father, my deliverance will not only spring open a door of escape for me but for many other innocent people in Texas in this age of fake news.

All the Respondents in this Appeal to Heaven are participants and combatants in the war against me. Dylan Baddour and Hearst Communications, Inc. had used written and graphic material to falsely make me a terrorist of the worst kind and thereby expose me to written public

expressions of hatred, contempt and ridicule. The Respondent Justices have joined in the violence to deny me protection from continued injury and deny me repair and have used sorceries of perverted interpretations of law to make my statutory matter-of-law per se evidence of defamation and libel disappear and to convert lies into truth. All the Respondents have employed the intentionally flawed "Texas Citizens Participation Act" to not only deny me justice but to plunder and punish me and my family for seeking peace and repair in the Texas Judicial system.

1.8. This Appeal to Heaven has been perfected by Avery's Prayers on his knees and face and confirmed by tears of joy and strength:

No one can perfect an Appeal to Heaven unless they believe that there is a court in Heaven and that it is open to all who call upon it in faith having exhausted all their earthly remedies trusting that this Heavenly Court is a rewarder of those who seek it with just cause:

"But without faith it is impossible to please him: for he that cometh to God must believe that he is, and that he is a rewarder of them that diligently seek him."
Hebrews 11:6

No one can perfect an Appeal to Heaven without a just cause and a showing of how they are being entrapped and destroyed without cause. They must believe that God will not sit by and do nothing forever and that God will not tolerate being mocked while his innocent citizens are harmed by those who sow violence and lies:

"Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap." Galatians 6:7

In order to perfect an Appeal to Heaven one must believe that their own petition and prayer will be heard and redress of grievances ordered and executed. Avery has seen and experienced the proclamation of Isaiah and he has seen it and endures it now in the temporal courts of Texas:

"Yea, truth faileth; and he that departeth from evil maketh himself a prey: and the LORD saw it, and it displeased him that there was no judgment." Isaiah 59:15

I have shown respect unto the temporal courts of Texas believing they would deliver me from the violence and lies of Dylan Baddour and the Houston Chronicle and its owner, Hearst Communications, Inc., as you well know the temporal "State of Texas" has published a statute that defines libel of which I suffered:

"Sec. 73.001 ELEMENTS OF LIBEL. A libel is a defamation expressed in written or other graphic form that tends to blacken the memory of the dead or that **tends to injure a living person's reputation and thereby expose the person to public hatred, contempt or ridicule**, or financial injury or to impeach any person's honesty, integrity, virtue, or reputation or to publish the natural defects of anyone and thereby expose the person to public hatred, ridicule, or financial injury." (Bolding added)

But the said courts and judges took upon themselves omnipotent power to make the evidence of public written expressions of hatred, contempt and ridicule disappear as if it did not exist and had not been entered into evidence. I repeat here the 9 of 23 (40%) expressions written in the blog under the online article by Dylan Baddour:

"**Terrence Steele** said, "Maybe these flks need to be sent to Gitmo."

Texian Blast said, "Just a bunch of gun freak malcontents"

TSUJones said, "this is the result of under-funded public education. I don't see a lot of MBA's in this photo. i saw laborers mentioned in the article. What happened to voting in change ? Texas already has the most effective voter suppression laws in effect. Minorities have no voice at the state level. States rights are in full effect. What more could these people want ? Of course they think their .223 assault rifles are going to hold off a nuclear superpower with armed drones. Whats going to happen to the cell phone towers ??"

OMG said, "Their energy would be better suited into improving their communities and thus our state."

Sam58 said, "These folks actually meet in person, a younger crowd will play this fantasy game online. It will probably be wildly successful..patriots can shoot illegal aliens, build border walls all while gathering tokens, er, money to get elected president."

Walter said, "Inaccurate Headline. "Should read: Ever hopeful and DELUDED, Texas secessionists face long, long odds."

Scroggins said, "what a sad and deluded bunch."

otimio said, "They are traitors, terrorists wanting to harm the U.S.A., just like the Muslim terrorists, round them up and put them in GITMO, give them the "Enhanced Interrogation"

Rhymes With Right said, "...Given that their advocacy of secession is completely peaceful and they are not acting violently, they cannot be viewed as making war against the United States. Nor are they adhering to or offering aid and comfort to any enemy. What they are instead doing is engaging in peaceful political advocacy on behalf of their crackpot cause."²

But Justice Martinez said, and all the 4th Court of Appeals judges and all the Supreme Court Justices agreed that:

"We conclude Avery did not satisfy his prima facie burden. Even if the captions incorrectly identified Avery as a secessionist, falsely implied Avery renounced his U.S. citizenship, incorrectly identified the Texians as secessionists, and falsely implied Avery was a member of a secessionist organization, the gist of the articles is substantially true: the Republic of Texas is a volunteer, non-violent organization premised on the belief that Texas is a sovereign nation and whose goal it is to legally extricate itself from the United States. No reasonable reader would conclude—as argued by Avery—that either he or the Republic of Texas is a “far-right fascist, neo-Nazi, part of the growing right-wing terrorist threat.” **The only evidence of such a conclusion is Avery’s own allegations.**" (Bolding added)

² All written comments found on pages 98 through 104 of the Fourth Court of Appeals Record and referenced in all Avery's Briefs both in the 4th Court of Appeals and the Supreme Court of Texas.

The bolded statement is an outright barefaced lie. These statements in the blog were entered into the record by Baddour and Hearst from the very beginning and they were referenced throughout the appeal.

My Father in Heaven, the conclusion of the Fourth Court's last paragraph above is perverted thinking and misses the whole point of libel. These deceiving judges have simply found some truth in the article and then called the whole article "substantially true." But this is absurd! The critical question to answer is; was the part of the article that caused or connected me to the expressions of public hatred, ridicule and contempt true? No! They were false!

Baddour and Hearst falsely published that I was a member of the "Republic of Texas." And then they falsely published that the Republic of Texas was a "secessionists organization." And they linked those falsehoods to other articles about other secessionists meeting with far-right fascists and neo-Nazis in Russia and other articles about the growing right-wing terror threat being worse than the Muslim terror threat.

The whole article and its linked articles and photographs must be taken as a whole and the courts discounted and ignored the links about other secessionists going to Russia to meet with "far-right fascist," and "neo-Nazis." The courts also discounted and ignored the links that talked about

the "growing right-wing terrorist threat" that now exceeds the Muslim terror threat in America. It was reasonable for 40 percent of the readers to conclude that I was a secessionist and therefore right wing and therefore a terrorist worse than or equal to Muslim terrorists that needed to be water boarded at GITMO.

Baddour lied and built upon those lies to create a fake terrorist threat on the weekend of 9/11/2015. Why else would he and the Houston Chronicle wait five months before printing it on the front page of the Newspaper? How does a five month old story get on the front page otherwise? All the Final Respondents know that Baddour published a libelous article to create fake terrorists and alarm the public about a false threat. This is the worst kind of libel but they have cheated me out of repair and paved the way for this to happen to others in the future. They are laying a trap for anyone who wants to be delivered from fake news by seeking justice in Texas courts.

Father, let not the newspapers continue this wicked alliance with the judicial system in Texas they have created with the so-called "Texas Citizens Participation Act" to snare innocent citizens when they seek truth and justice. Father, break the teeth off their trap and expose their treachery to the public and deliver me to a place where they nor their wicked friends may continue their devious schemes upon me.

Father is it not obvious to all that this is a barefaced wresting of the law to deny me and all other innocent citizens a fair trial and just repair when libeled by newspapers creating fake news and fake terrorists?

The deceiving judges have further perverted case law by simply saying that because much of the articles were true that the lies that connected me to the material generating the expressions of hatred were "substantially true." This is outrageous and inexcusable and they know it and I know it and you know it. And now Father make it public by doing something to bring attention of the entire state about what is going on with this crooked and wicked alliance between fake news and fake law in Texas. Amen

Thou knowest that it is not substantially true that I am a "member" of the "Republic of Texas." Thou knowest that it is not "substantially true" that I am a "secessionist" but rather have been an outspoken opponent of it for at least 15 years as the record shows. Thou knowest that it is not "substantially true" that the "Republic of Texas" is a "secessionist organization" as the record shows. And therefore the leading, expected and intended *deduction* cannot be made *substantially true* that I am part of the "growing right-wing terror threat in America that is worse than Muslim terrorism" that needs to be "sent to GITMO and be given the enhanced interrogation."

Father, you know those lies about me were defamatory and resulted in actual written expressions of public hatred, contempt and ridicule. And you also know I was not the only one who has alleged that the articles were defamatory because I did not allege anything that was not expressed in writing by others who read the article. Father, you know it, I know it and all the Respondents know it. Will you Father allow them to devour me and my family with these lies, perversions and traps? I know Thee better than that!

Father, the lies, purposeful omissions and distortions in my cause reveal a manifest perversion of justice and a barefaced wresting of the law to cheat me and trap me as you well know and now I make my perfected Appeal to Heaven and jurisdiction has passed from the temporal courts of the earth to Heaven just as David did:

"9 And David said to Saul, Wherefore hearest thou men's words, saying, Behold, David seeketh thy hurt?

10 Behold, this day thine eyes have seen how that the LORD had delivered thee to day into mine hand in the cave: and some bade me kill thee: but mine eye spared thee; and I said, I will not put forth mine hand against my lord; for he is the LORD'S anointed.

11 Moreover, my father, see, yea, see the skirt of thy robe in my hand: for in that I cut off the skirt of thy robe, and killed thee not, know thou and see that there is neither evil nor transgression in mine hand, and I have not sinned against thee; yet thou huntest my soul to take it.

12 The LORD judge between me and thee, and the LORD avenge me of thee: but mine hand shall not be upon thee."1 Samuel 24:9-12

This too is my prayer that I am innocent of the temporal court judgment under the "Texas Citizens Participation Act" finding that I filed a SLAPP (Strategic Lawsuit Against Public Participation) suit designed to prevent

Dylan Baddour from expressing his Constitutional Right of Free Speech. Thou knowest that I did not do that and I do not care what Dylan Baddour's personal opinion of me is and he can publish that all day, everyday. But Baddour did not express his personal opinion, as you know. Baddour constructed articles with reference to me and published them as a matter of fact. These facts were false and defamatory resulting in my exposure to public hatred, contempt and ridicule. That is Libel by legal definition. And Baddour and Hearst Communications Inc. and the said courts and judges cheated me out of a trial before my peers and just repair and exemplary damages. I ask to be delivered from those who have lied and cheated me and make me, the injured innocent party, into the evil one that needs to be punished with mandatory sanctions.

All the Respondents are appeasing the wicked fabricators of the "Texas Citizens Participation Act" at the "Freedom of Information Foundation of Texas," packed with media companies and law firms. I have not harmed any rights of Dylan Baddour in an attempt to deliver myself from being labeled a terrorist on the front page of the Houston Chronicle where millions of readers can still find the article online where I was subjected to actual expressions of public hatred, ridicule and contempt. That is LIBEL!

I also appeal to Heaven as I did nothing wrong to Baddour and he has harmed me and went to war against me and others without cause:

Wherefore I have not sinned against thee, but thou doest me wrong to war against me: the LORD the Judge be judge this day between the children of Israel and the children of Ammon. Judges 11:27

Therefore, I pray to the Eternal Court of Heaven that the Lord and Judge, Jesus Christ, judge between me and Dylan Baddour, Hearst Communications, Inc., and all 13 judges in my case herein. They all know I have not harmed Dylan Baddour or prevented him from expressing his constitutional right of free speech to publish his *opinion* about me. But he cannot publish false *facts* about me that result in my exposure to public hatred, contempt and ridicule. Baddour was not exercising his free speech by publishing his opinion about me, if he was he would have been fired by the Houston Chronicle just as the Chronicle aided in getting Houston FOX News anchor, Scarlett Fakhar, fired for giving her opinion about the election of Donald Trump on her Facebook page.³ This is an egregious double standard that the Houston Chronicle is allowed to exercise simultaneously. No editorial free speech is normally published on the front page as factual news.

2. ACKNOWLEDGEMENT OF GOD'S ROLE IN THIS CASE

2.1. God gave me this case to start with and I should finish it in faith that He will finish well what he started:

Father, it is acknowledged by me, and others that know of it, that you gave me this lawsuit to start with and it was your will that this happen to me and that mainstream media would attack me and that I would find out about it immediately from other men in the journalism business and know that what mainstream media did to me was wrong.

2.2. It was miraculous that I even learned of these libelous articles:

I looked for the article to appear in the Houston Chronicle after Baddour attended the meeting the subject of this lawsuit. I looked for it for two or three weeks and gave up thinking that it was not news worthy. Then five months later I am called by my friend who is the roving editor for the American Free Press and he tells me he is in the Bush International Airport in Houston about to board a plane for Washington D.C. to cover Congress. He told me he saw my name on the front page under a picture of somebody else. But he says the picture was taken at my Taphouse in McQueeney Texas. Baddour worked on this article for five months and published it on the weekend of 9/11/15 obviously to alarm the readers about the growing right-wing terror threat in America and one of the groups is the Republic of Texas which they say are secessionists and that I am a member of it. What

are the chances that I would even hear about this article? No one else called me about it. My friend is seldom in the Bush International Airport. What a miracle in timing! I learned of the article the day it lands on the street from someone who is rarely in Houston!

2.3. *I had no choice but to sue Baddour and Hearst:*

This claim of Baddour and the Houston Chronicle was too large to go uncontested. What could one be called that is worse than a terrorist? Are we going to get conditioned to accept without contest the idea that terrorists are all over the place and maybe each one of us is one? This is outrageous! No one should call or imply anyone is a terrorist unless they have hard proof of it! Who in their right mind would let such an implication go unchallenged unless they were guilty? When should one defend their name if they won't when called a terrorist? So Father what were my options? I could either be a terrorist in the minds of millions of Houston Chronicle readers or be snared and plundered by the Texas Citizens Participation Act. This is entrapment, and it is set for all people in Texas, and soon for all people in the entire United States. Thou knowest how to deliver your people and I pray that you get your glory through this lawsuit. Amen.

2.4. I consulted a seasoned trial lawyer about this case before filing it and some after filing it:

After meeting with my long time friend and lawyer who has an excellent trial lawyer rating, we determined that I had a very good libel lawsuit and that it should be filed and that \$10 million was not out of line to seek for damages because of the egregiousness of the claim of being a terrorist which was also severe damage on its face.

2.5. This Case is not over until God says its over:

No doubt that I have exhausted my earthly appeals to those that occupy the seats of de facto judicial power on earth where I live to provide a legal remedy and repair for the harm done to me by Dylan Baddour and the Houston Chronicle and its owner, Hearst Communications, Inc., But my appeal is just begun in Heaven before the Eternal Court and King, Jesus Christ. Now I would be faithless to presume that just because I lost in court because of the cheating and barefaced wresting of the law that this case is closed forever. No! This case is just beginning!

2.6. This case is not finished because it is not limited to Baddour and Hearst:

The Lord knew I would file this case and he knew I could handle it and carry it beyond what the courts would anticipate. We shall see who all the Lord will catch in their own nets. Yes, the trappers are spread out much wider than just Baddour and Hearst and the media and their net is spread to

catch all the people of Texas, not just me. The fabric of trappers includes the judges that conspired against me and with the legislative attorneys and lawyers with the *Freedom of Information Foundation of Texas*⁴ (FOIFT) that drafted the "*Texas Citizens Participation Act*" (TCPA) which is really a mainstream media libel protection act. The Lord knew that I would publicize this case and the Appeal To Heaven so that He could rule over them all and show them His own glory and how they should rule justly in his stead.

I presumed the trap set for me was sprung only by a reporter and the company he worked for. But it turned out to include every judge that heard the case, and the FOIFT and the Legislature that knowingly passed the flawed TCPA and the lawyers and media companies that lobbied the Texas Congress to get it passed. This is the whole fabric of people that have laid a trap for the citizens of Texas so they would be without protection when libeled by the mainstream media.

3. PETITION

3.1. I pray that I can stand with power before those who have ensnared me:

Jesus, how hard it is to picture myself standing before a judge to hear the attorneys of those who have harmed me and the judges and courts that have cheated me in the daylight determine how much I am to pay them and how

⁴ <http://www.FOIFT.org>

much I should pay them for sanctions as if I had harmed them. This is evil and Thou knowest it! I pray that you prepare me to stand before them fearlessly and give them what ever they ask knowing that it will be required of them many times over until they pay me all that I sought in their crooked courts before their crooked judges and crooked legislation:

"8 Behold, I have made thy face strong against their faces, and thy forehead strong against their foreheads.

9 As an adamant harder than flint have I made thy forehead: fear them not, neither be dismayed at their looks, though they be a rebellious house." Ezekiel 3:8-9

Make my forehead like heat treated steel that they actually fear me in their presence. Let all that they extract from me be a curse upon them all until they return it all and sanction them to the level I asked for from them in their courts. And do not take Thy hand off them until they observe that Thou art my protection.

3.2. I have acquired the right of force to deliver myself but it would be futile and it would not glorify Thee:

Even though you have granted me the right of force to deliver myself from this unjust state of war that now continues, and will continue against me until I am repaired, to hurt the Respondents, my hand shall not be on those who have injured me and entrapped me. This is because it is not my will nor your will that they be harmed but that they be saved and stop cheating and fear the real law and the God who made it.

But I do make this Appeal to Heaven that I be delivered by the Almighty hand of God who does know how to administer justice in his Kingdom which he now rules from His throne in Heaven. I also pray that all those who have laid these traps for me and my fellow citizens that they be taught a lesson that they cannot entrap and ensnare and plunder the innocent with their perversions of legislation and law and that they repent and stand for the real law of your creation:

"1 And the word of the LORD came unto me, saying,
2 Son of man, prophesy against the shepherds of Israel, prophesy, and say unto them, Thus saith the Lord GOD unto the shepherds; Woe be to the shepherds of Israel that do feed themselves! should not the shepherds feed the flocks?
3 Ye eat the fat, and ye clothe you with the wool, ye kill them that are fed: but ye feed not the flock.
4 The diseased have ye not strengthened, neither have ye healed that which was sick, neither have ye bound up that which was broken, neither have ye brought again that which was driven away, neither have ye sought that which was lost; but with force and with cruelty have ye ruled them.
5 And they were scattered, because there is no shepherd: and they became meat to all the beasts of the field, when they were scattered.
6 My sheep wandered through all the mountains, and upon every high hill: yea, my flock was scattered upon all the face of the earth, and none did search or seek after them.
7 ¶Therefore, ye shepherds, hear the word of the LORD;
8 As I live, saith the Lord GOD, surely because my flock became a prey, and my flock became meat to every beast of the field, because there was no shepherd, neither did my shepherds search for my flock, but the shepherds fed themselves, and fed not my flock;
9 Therefore, O ye shepherds, hear the word of the LORD;
10 Thus saith the Lord GOD; Behold, I am against the shepherds; and I will require my flock at their hand, and cause them to cease from feeding the flock; neither shall the shepherds feed themselves any more; for I will deliver my flock from their mouth, that they may not be meat for them." Ezekiel 34:1-10

This I pray to come to pass for these judges who have laid traps for the people of Texas and worked together to strengthen the traps and deny the

people justice in their own courts. I pray that they no longer eat of the injustice they knowingly cause in their courts. I pray that the Respondent judges repent of their deeds and fight against those who continue to indemnify the trappers of the people.

3.3. I pray that what they take from me contaminates all they have until I am restored fully with all the repair I have sought through their courts:

I pray that whatever these violent liars and cheaters dressed in black robes take from me be accursed for them and those they reward with it and that it contaminate everything they have until they give every cent back to me and that they give me all that I have prayed for in their temporal courts of Texas. Father, I don't see how you can do this but I believe you can do it and that it will be your desire to get your just Glory not for my sake or even the sake of the people of Texas but for your own name's sake. To do nothing Lord will only cause them to do more of the same to all men. I know that is not your will.

Who rotates the earth? Who drives the galaxies and the atoms alike? Who spoke the cosmos into existence and raises up and brings down nations? They do not fear you and their knees should knock together in fear and weakness that any should need to turn to you from their courts. But they laugh at me and you alike and think me mad to write this. They think

nothing of cheating me and entrapping me and taking the inheritance of my children to pay those who have harmed me. I can now leave nothing to my children including my name which they have destroyed. God forbid!

3.4. *I pray that Thou Glorify Thyself:*

Father, thank you for granting us *free will* to do as we think right and to resist evil willingly. But also thank you that you do not let evil thrive unpunished forever. Show those that flaunt corruption and deny remedy by a barefaced perversion of justice as a fine luxury be shown the glory and fear of the Lord:

"10 Enter into the rock, and hide thee in the dust, for fear of the LORD, and for the glory of his majesty.

11 The lofty looks of man shall be humbled, and the haughtiness of men shall be bowed down, and the LORD alone shall be exalted in that day.

12 For the day of the LORD of hosts shall be upon every one that is proud and lofty, and upon every one that is lifted up; and he shall be brought low:" (Isaiah 2:10-12)

Are the fake news publishers and lawyers and judges haughty and lifted up with pride? They know they are as well as us.

3.5. *I pray that your judgment not cease upon them until I am restored to the level that I prayed of the Temporal Courts:*

Jesus, the Respondents have not only cheated me out of my right to a fair trial before a jury of my peers preventing any repair seen fit by a jury, but they have entrapped me and transformed me into the one who has harmed Dylan Baddour and the Houston Chronicle and Hearst Communications, Inc.

This is intolerable and their lies about me and the Republic of Texas are still available for all to see.

I therefore pray that you intervene and glorify yourself to demonstrate that you are the King and the temporal courts exist in Your Kingdom and they cannot cheat people out of justice and twice more when they entrap the innocent. Make them fear you when they contemplate such crimes because they judge for you in your place and it must be just for you have spoken it:

"6 And said to the judges, Take heed what ye do: for ye judge not for man, but for the LORD, who is with you in the judgment.

7 Wherefore now let the fear of the LORD be upon you; take heed and do it: for there is no iniquity with the LORD our God, nor respect of persons, nor taking of gifts." (2 Chronicles 19:6-7)

But Father, these Respondent judges fear thee not as even I have shown evidence of your ability to intervene during judicial matters. It is good for them to know fear to do justice, therefore be good to them and show them fear that they repent and glorify thee.

What are their gifts they have taken? The judges seek to appease their professional associates and law firms and the fabric of lawyers and major news media they serve. Let that become bitterness in their mouth that they spit it out and do your will Father.

These judges know they have entrapped me and I and others have shown it to them but they persist in their war against me because they have placed their trust in the temporal state not in the everlasting Almighty God in Christ

Jesus. Now I pray that You stand up in Heaven and send forth thy angels and show them that they cannot lay traps for the innocent as you have said:

"14 Thou shalt not curse the deaf, nor put a stumblingblock before the blind, but shalt fear thy God: I am the LORD.

15 Ye shall do no unrighteousness in judgment: thou shalt not respect the person of the poor, nor honour the person of the mighty: but in righteousness shalt thou judge thy neighbour." (Leviticus 19:14-15)

Was I not blind when I filed this suit against Dylan Baddour and Hearst Communications, Inc.? Did I know that these judges could make my hard evidence of exposure to public hatred, ridicule and contempt disappear and change lies into substantial truth with their tricks? Yes, Father I was blind to their stumbling blocks and tricks and deceptions they call law. They have laid a trap for all who file a libel suit in Texas. Let this not stand against me and the people of Texas. Show them what Thou canst do with just a little displeasure. Amen

3.6. Bring them to me for terms of peace with me and You:

Father, bring these trappers and liars to me to ask for forgiveness from me to escape their own trap and judgment for their deeds. Yes they know their own deeds that they are evil as I have shown it to them and it has only made them angry and worse as happened with the Pharaoh. They have hardened their hearts towards me.

3.7. Thank you Father for this Lawsuit and for bringing it to this stage of appeal as was your will from the beginning:

Father, I also pray that these Respondents repent and work to repeal the Texas Citizens Participation Act as it is a short circuit of real justice and snares those who have been harmed by libel in this age of "fake news" when justice is needed most to save our society from the devices of those very few super wealthy corporations that own the mainstream news. I pray that this lawsuit be the end of the Texas Citizens Participation Act in Texas. Amen

Thank you Father for bringing this lawsuit to me and showing me how far you wanted it to go. I now commend it to you that it is now in your hands and under your jurisdiction to do as you see fit and I know that will be just for all people of Texas. I praise you Father and thank you for allowing me to participate in your work on earth and to know and use the works of those great saints before me upon whose shoulders I stand and have made known to the parties to this lawsuit.

Thy Son, Jesus Christ, Amen**
